United Nations A/51/756/Add.1

General Assembly
Fifty-first session

Distr.: General

4 February 1997
Original: English

Agenda item 135

Financing of the United Nations Observer Mission in Liberia

Report of the Secretary-General

Addendum

Summary

The present report contains the second revised budget of the United Nations Observer Mission in Liberia (UNOMIL) for the period from 1 July 1996 to 30 June 1997. It incorporates the additional requirements for the implementation of the disarmament and demobilization programme as authorized by the Security Council in its resolution 1083 (1996) of 27 November 1996.

This revised budget amounts to $36,941,700 gross ($35,642,100 net) which represents an increase of $22,925,700 gross ($22,455,300 net) from the appropriation of $14,016,000 gross ($13,186,800 net) provided by the General Assembly under its resolution 51/3 of 17 October 1996. The increase provides for 58 military observers, a net increase of 57 posts over the 728 posts approved by the General Assembly in its resolution 50/210 of 23 December 1995, purchase of additional vehicles, communications and other equipment, and hiring of one additional helicopter, as well as assistance for the disarmament and demobilization programme.

97-03295 (E) 240297

The actions to be taken by the General Assembly at its resumed fifty-first session as set out in paragraph 28 of the present report are (a) the appropriation of an additional amount of $22,925,700 gross ($22,455,300 net), inclusive of the amount of $10 million gross already authorized by the Advisory Committee on Administrative and Budgetary Questions, for the operation of the Observer Mission for the period from 1 July 1996 to 30 June 1997; (b) the assessment of an additional amount of $16,064,700 gross ($15,795,900 net), including start-up cost of $6,916,800, for the operation of the Mission for the current mandate period from 1 December 1996 to 31 March 1997, in addition to the amount of $4,672,000 gross ($4,395,600 net) already authorized for the same period under Assembly resolution 51/3 of 17 October 1996; and (c) the assessment for the period from 1 April to 30 June 1997 of the amount of $2,287,000 gross ($2,219,800 net) per month, in addition to the amount of $1,168,000 gross ($1,098,900 net) already authorized under Assembly resolution 51/3, subject to the extension(s) of the mandate of UNOMIL by the Security Council.

VIII. Resources made available and operating costs for the period from inception to 30 June 1997, as at 31 December 1996 40

IX. Voluntary and trust fund contributions 42

A. Voluntary contributions 42

B. Trust fund 42

I. Introduction

1. The cost of maintaining the United Nations Observer Mission in Liberia (UNOMIL) for the period from 1 July 1996 to 30 June 1997 was originally estimated at $27,615,100 gross ($25,852,600 net) as indicated in document A/50/650/Add.3. As a result of the deterioration of the peace process and the outbreak of hostilities in Monrovia in April 1996, however, a revised budget amounting to $14,512,800 gross ($13,630,800 net) was issued (A/50/650/Add.4), reflecting reduced activities and staffing level for UNOMIL as proposed by the Secretary-General in his report to the Security Council (S/1996/362) of 21 May 1996. Subsequently, because of further adjustments to the deployment schedule for military and civilian personnel, the Advisory Committee on Administrative and Budgetary Questions was informed that the revised budget could be further reduced by $496,800 gross ($444,000 net) to $14,016,000 gross ($13,186,800 net).

2. By its resolution 51/3 of 17 October 1996, the General Assembly endorsed the observations and recommendations of the Advisory Committee and appropriated the amount of $14,016,000 gross ($13,186,800 net) for the maintenance of the Observer Mission for the period from 1 July 1996 to 30 June 1997, inclusive of the amount of $791,800 for the support account for peacekeeping operations. In addition, the Assembly decided that assessment for the period from 1 July to 30 November 1996 in the amount of $5,840,000 gross ($5,494,500 net) would be made following the review of the Mission's performance report with respect to the period from 1 July 1995 to 30 June 1996. In the same resolution, the Assembly also authorized the assessment of $8,176,000 gross ($7,692,300 net) for the maintenance of UNOMIL for the period from 1 December 1996 to 30 June 1997, should the Security Council extend the mandate of the Mission.

3. Since the last financing report of UNOMIL (A/50/650/Add.4), the Secretary-General has submitted two additional reports (S/1996/858 and Add.1 and S/1996/962) to the Security Council on the political, military and humanitarian developments in Liberia.

4. In his report to the Security Council of 17 October 1996 (S/1996/858 and Add.1), the Secretary-General recommended: (a) a revised concept of operation for UNOMIL including expanded operation of the Mission; (b) an increase in the strength of the military component of UNOMIL from 34 to 92 observers; and (c) a new programme for disarmament and demobilization.

5. In a letter dated 8 November 1996 from its President to the Secretary-General (S/1996/917), the Security Council welcomed the proposals of the Secretary-General with regard to the type of assistance UNOMIL could provide in support of the peace process in Liberia, but expressed concern that the conditions in Liberia might not be right for the implementation of the proposals. Nonetheless, the Security Council encouraged the Secretary-General to make all appropriate arrangements necessary to carry out his proposals, on the understanding that he would not deploy additional personnel and logistic resources unless the factions took concrete steps to fulfil their commitments.

6. In his report to the Security Council of 19 November 1996 (S/1996/962), the Secretary-General informed the Council that, at a meeting in Monrovia on 8 and 9 November 1996, the Committee of Nine on Liberia of the Economic Community of West African States (ECOWAS) had noted that, although the restoration of the peace process continued to be hindered by violations of the cease-fire, the situation in Liberia had improved markedly since the hostilities of April and May 1996. In view of this, the Secretary-General recommended that the Council extend the mandate of UNOMIL for a period of four months, until 31 March 1997.

7. Subsequently, the Security Council, by its resolution 1083 (1996) of 27 November 1996, welcomed the beginning of the disarmament process on 22 November in accordance with the amended implementation schedule of the Abuja Agreement and urged all factions to participate as they had agreed. By the same resolution the Council extended the mandate of UNOMIL until 31 March 1997.

8. In order to meet the immediate and essential start-up requirements of UNOMIL for the implementation of the disarmament and demobilization process, the Advisory Committee on Administrative and Budgetary Questions on 20 December 1996 authorized the Secretary-General to enter into commitments in an amount

not exceeding $10 million gross for the period from 1 December 1996 to 31 January 1997, pending submission of the present report.

9. The present report contains the second revised budget for the operation of the Observer Mission for the period from 1 July 1996 to 30 June 1997, amounting to $36,941,700 gross ($35,642,100 net) and should be read in conjunction with the first revised budget contained in document A/50/650/Add.4.

II. Political mandate

10. The mandate entrusted to the Observer Mission by the Security Council in its resolution 866 (1993), as adjusted by resolution 1020 (1995), and outlined in document A/50/650/Add.3, remains unchanged.

III. Operational plan and requirements

11. As indicated in paragraph 4 above, the Secretary-General in his report to the Security Council of 17 October 1996 proposed a revised concept of operation in which UNOMIL would continue to play a major role in the disarmament and demobilization programme. On the basis of this revised concept of operations, UNOMIL's strength would be increased from 34 to a maximum of 92 military observers (within the 160 military observers previously authorized under resolution 1020 (1995)). The military component of UNOMIL would consist of one disarmament team comprising six military observers to be deployed at each of the 12 disarmament and demobilization centres in order to monitor and verify the disarmament process, while two mobile teams of six military observers each would continue monitoring and observing, in conjunction with the ECOWAS Military Observer Group (ECOMOG), the implementation of the ceasefire, the disengagement of forces, the collection of weapons at areas other than disarmament and demobilization centres, and compliance by the factions with the other military provisions of the Abuja Agreement, including the arms embargo. Furthermore, approximately 20 military observers would be required for UNOMIL's military headquarters in Monrovia which would include the Chief Military Observer and his immediate staff, an operations cell of five observers, an ECOMOG liaison cell of two observers, a logistic cell of two observers and a medical unit of seven observers. After the completion of the disarmament and demobilization process, UNOMIL's military component would maintain a presence in Liberia to support the electoral process.

12. As a result of the outbreak of hostilities in Monrovia during April 1996 most of UNOMIL's vehicles, communications and other assets were looted. Hence, replacement of the looted equipment is required to enable the Mission to effectively carry out its mandate. In addition, a second helicopter of medium lift capability is required effective 1 February 1997 to assist in the support of the disarmament process.

Special programmes

1. Disarmament and demobilization

13. In accordance with the new timetable for the implementation of the Abuja Agreement, the disarmament and demobilization programme commenced on 22 November 1996. All the factions, except for the Liberian Peace Council, had identified a total of 12 sites to be used for disarmament and demobilization.

14. The factions would be responsible for delivering their fighters to the disarmament and demobilization centres. The Humanitarian Assistance Coordination Office would be operationally responsible for coordinating and managing the provision of food, health services, locally produced shelter, water and basic sanitation for the centres.

15. The demobilization programme provides that after combatants are disarmed they will be registered and counselled. The combatants will be required to stay at the demobilization centres for up to 24 hours only. Instead of receiving small assistance packages, the ex-combatants will be engaged in activities conducted in the vicinity of the disarmament and demobilization centres to bridge the time gap between disarmament and reintegration. These bridging activities, which would be for a period of three months, will include vocational training, education and public works projects. The ex-combatants will be provided with food assistance and appropriate tools and equipment.

2. Humanitarian assistance

16. The humanitarian situation in Liberia has essentially remained unchanged since the last financing report of UNOMIL.

3. Elections

17. In accordance with the revised timetable for the implementation of the Abuja Agreement, elections are scheduled for 30 May 1997. The Secretary-General in his reports to the Security Council informed the members that the Council of State of the Liberian National Transitional Government had not yet decided on key questions with regard to the holding of free and fair elections in Liberia and of his intention to send a team to Liberia to consult with the Transitional Government, ECOWAS and other interested parties on issues related to the holding of elections in Liberia. The resource requirements for the electoral component of UNOMIL will be presented to the General Assembly at a later date, once the role of the United Nations in the electoral process becomes clear.

IV. Financial administration

A. Financial period

18. The financial period covers 12 months beginning on 1 July of one year and terminating on 30 June of the following year, in accordance with section I of General Assembly resolution 49/233 A of 23 December 1994.

B. Resources made available and operating costs from inception to 30 June 1997

19. Resources of $115,528,300 gross have been made available for the operation of the Observer Mission from its inception on 22 September 1993 to 30 June 1997, as set forth in annex VIII. Of this amount, credits returned to Member States amounted to $20,573,300 gross. The estimated expenditures amount to $81,488,600 gross.

C. Status of assessed contributions

20. As at 31 December 1996, a total of $79,134,808 had been assessed on Member States for the period from inception (22 September 1993) to 31 March 1996. Contributions received for that period amounted to $74,334,669, resulting in a shortfall of $4,637,117. The outstanding assessment has been reduced by an amount of $163,022 pursuant to General Assembly resolution 50/83 of 15 December 1995.

D. Voluntary contributions and trust funds

21. The General Assembly, in paragraph 11 of its resolution 51/3, invited voluntary contributions from Member States to UNOMIL, both in cash and in the form of services and supplies acceptable to the Secretary-General. No voluntary contributions have been received to date.

22. *Trust Fund for the Implementation of the Cotonou Agreement in Liberia.* The Trust Fund for the Implementation of the Cotonou Agreement in Liberia was established by the Secretary-General on 23 September 1993 in order to receive voluntary contributions from Member States for the purposes of (a) the deployment and maintenance of ECOMOG troops; (b) humanitarian assistance; (c) disarmament and demobilization; and (d) elections. As at 31 December 1996, total contributions received amounted to $24,727,268, from the United States of America ($22,190,400), the United Kingdom of Great Britain and Northern Ireland ($1 million), France ($679,612), Denmark ($294,616), Norway ($291,056), the Netherlands ($261,584) and Egypt ($10,000) (see annex IX.B). Authorized expenditure amounted to $22,765,630, consisting of $22,015,225 for the deployment and maintenance of ECOMOG troops and $750,405 for humanitarian assistance. The contribution of France was received since the last financing report of UNOMIL.

V. Updated cost estimates for the period from 1 July 1996 to 30 June 1997

23. The cost of maintaining the Observer Mission as previously approved by the General Assembly for the period from 1 July 1996 to 30 June 1997 amounts to $14,016,000 gross ($13,186,800 net) as shown in annex I, column 1. The updated cost estimate for the same period amounts to $36,941,700 gross ($35,642,100 net) as shown in column 2 and reflects an overall net increase of $22,925,700 gross ($22,455,300 net), as shown in column 3. The additional requirements are primarily attributable to the increase in the number of military and civilian personnel for the disarmament and demobilization programme resulting from the revised concept of operation. Some 52 per cent of the updated amount is based on standard cost ratio and cost contained in the standard ratio/cost manual, while 48 per cent covers mission-specific costs. These mission-specific costs and ratios are described in annex III.A.

24. As indicated in annex II, non-recurrent costs amount to $7,936,900 (column 2) and reflect an increase of $6,916,800 from the previous cost estimates ($1,020,100), while recurrent costs amount to $29,004,800 gross (column 3) and reflect an increase of $16,008,900 gross from the previous estimates of $12,995,900 gross. The supplementary information on the requirements for non-recurrent costs as contained in annex III.B relates to the current requirements only and are in addition to those contained in A/50/650/Add.4, annex II.C. A supplementary explanation of the additional cost estimates is given in annex III.C.

25. Table 1 provides a comparison between the previous and updated estimates of total non-recurrent and recurrent costs.

Table 1 **Cost estimates summary**
(Thousands of United States dollars)

	Previous cost estimates	*Updated cost estimates*	
	1 July 1996 to 30 June 1997	*1 July 1996 to 30 June 1997*	*Changes*
Non-recurrent costs	1 020.1	7 936.9	6 916.8
Recurrent costs	12 995.9	29 004.8	16 008.9
Total	**14 016.0**	**36 941.7**	**22 925.7**

VI. Staffing requirements

26. As shown in table 2, the proposed staffing establishment of 785 posts (column 3) represents a net increase of 57 posts over the original staffing establishment of the mission of 728 posts approved by the General Assembly in its resolution 50/210. At the same time, it is 695 posts more than the currently reduced level of 90 posts (column 2) which reflected the repatriation of non-essential civilian personnel during the outbreak of hostilities in Monrovia in April 1996. The net increase of 57 posts takes into consideration the revised operational plan, and comprises a reduction of 10 international posts and 82 United Nations Volunteers, offset by an increase of 149 local posts. Of the 785 posts proposed during this period, 525 posts (1 P-4, 2 P-3, 1 GS, 1 FS, 505 local and 15 United Nations Volunteers), or 67 per cent, are for the disarmament and demobilization programme and will be required for a period of three months only. The post of Chief Military Observer is proposed at the D-2 level. The required job descriptions of all posts have been previously submitted except for the Demobilization Field Coordinator, which is given in annex VII to the present report.

VII. Observations and comments on previous recommendations of the Advisory Committee on Administrative and Budgetary Questions

27. There are no outstanding responses to the observations and recommendations of the Advisory Committee on Administrative and Budgetary Questions in its reports.

VIII. Action to be taken by the General Assembly at its resumed fifty-first session

28. The action to be taken by the General Assembly at its resumed fifty-first session in connection with the financing of UNOMIL is as follows:

(a) The appropriation of an additional amount of $22,925,700 gross ($22,455,300 net), inclusive of the amount of $10 million gross already authorized by the Advisory Committee on Administrative and Budgetary Questions, for the operation of UNOMIL for the period from 1 July 1996 to 30 June 1997;

(b) The assessment of an additional amount of $16,064,700 gross ($15,795,900 net), including start-up cost of $6,916,800, for the operation of the Mission for the current mandate period from 1 December 1996 to 31 March 1997, in addition to the amount of $4,672,000 gross ($4,395,600 net) already authorized for the same period under Assembly resolution 51/3 of 17 October 1996;

(c) The assessment for the period from 1 April to 30 June 1997 of the amount of $2,287,000 gross ($2,219,800 net) per month, in addition to the amount of $1,168,000 gross ($1,098,900 net) already authorized under Assembly resolution 51/3, subject to the extension(s) of the mandate of UNOMIL by the Security Council.

Annex III
Supplementary information on the updated cost estimates for the period from 1 July 1996 to 30 June 1997

A. Mission-specific costs and ratios

Description	Previous submission	Average strength	Unit or daily cost (United States dollars)	Monthly cost (United States dollars)	Ratio	Explanation
1. Mission subsistence allowance						
First 30 days	120		120			
After 30 days	85		85			
2. Travel costs (one-way)						
Military observers	3 400		3 400			
International staff	3 400		3 400			
3. Military personnel						
Military observers	34	92				Increase in the strength of military observers from 34 to 92.
4. Clothing and equipment allowance	17			17		
5. Civilian personnel						
International staff	43	97				Increase in international civilian personnel due to the expansion of the operation of the Mission.
Local staff	47	660				Increase in local civilian personnel due to the expansion of the operation of the Mission. Of the 660 local staff, 505 are for the disarmament and demobilization programme for a 3-month period only.
United Nations Volunteers		28		4 476		Requirements for United Nations Volunteers are based on the expansion of the operation of the Mission, and include 15 Volunteers for the disarmament and demobilization programme for a 3-month period only. The monthly cost per Volunteer has been reduced from $4,680 to $4,476 on the basis of the revised memorandum of understanding.
6. Hazardous duty pay						
International staff	903			903		
Local staff	107			107		Based on 20 per cent of the mid-point of the local salary scale.

Description	Previous submission	Average strength	Unit or daily cost (United States dollars)	Monthly cost (United States dollars)	Ratio	Explanation
7. Rental of premises						
Offices	16 600			61 600		Includes rental of four floors of a hotel complex in Monrovia and office space for demobilization centres.
Workshops	3 400			2 000		Reduced rental period.
Warehouses	6 700			4 667		Reduced rental period.
Hangar	417			583		Expansion of the operations of the Mission.
8. Vehicles						
Civilian pattern	105	116			1 vehicle: 2 military observers	
9. Spare parts, repair and maintenance of vehicles						
Civilian pattern (each)	152			152		
10. Petrol						
Civilian pattern (each)	138			204		Increased cost of fuel from $0.20 to $0.30 per litre.
11. Vehicle insurance						
Civilian pattern (each)	21			20		Coverage for the worldwide programme has been reduced from $57 per vehicle annually to $37.
12. Helicopters						
Bell - 212 (number of units)	1	2				Additional helicopter to be deployed by 1 February 1997.
13. Helicopter rental						
Bell - 212 (current)	69 700			69 700		
Bell - 212 (additional)				72 000		Operational requirement.
14. Helicopter fuel						
Bell - 212 (current)	8 800			8 800		Operational requirement.
Bell - 212 (additional)				13 750		Increased flight hours.
15. Communications						
Portable communications equipment					1 military observer: 1 radio	Operational requirement.
16. Satellite communications						
Transponder	8 000			8 000		
INMARSAT	20 000			31 667		Expansion of the operations of the Mission.
17. Commercial communications costs						
Telephone and telex	15 000			17 917		Expansion of the operations of the Mission.
Pouch, postage and other rental charges	5 000			7 917		Expansion of the operations of the Mission.

Description	Previous submission	Average strength	Unit or daily cost (United States dollars)	Monthly cost (United States dollars)	Ratio	Explanation
18. Other equipment						
Electronic data-processing equipment					1 international staff: 1 personal computer	Operational requirement.
19. Audit services	4 600			4 600		
20. Contractual services	4 000			4 583		Expansion of the operations of the Mission.
21. Security services	8 000			9 167		Expansion of the operations of the Mission.
22. Medical treatment and services	500			567		Based on the standard rate of $1 per person per month.
23. Claims and adjustments	67 700			69 217		Expansion of the operations of the Mission.
24. Official hospitality	500			500		
25. Miscellaneous other services	1 000			3 333		Expansion of the operations of the Mission.
26. Miscellaneous supplies						
Stationery and office supplies	1 000			5 450		Expansion of the operations of the Mission.
Medical supplies	1 500			4 125		Expansion of the operations of the Mission.
Sanitation and cleaning materials	1 500			2 817		Based on the standard rate of $5 per person per month.
Subscriptions	200			200		
Electrical supplies				292		Operational requirement.
Uniform items	200			1 542		Uniform items for military observers, Field Service personnel and workshop personnel.
Field defence stores						
Operational maps	200			1 017		
Quartermaster and general stores	5 100			6 850		Expansion of the operations of the Mission.
27. Freight	62 000			62 000		

B. Requirements for non-recurrent costs

(United States dollars)

		Current inventory	*Replacement*	*Additional to be purchased*	*Total number of additional units*	*Unit cost*	*Total cost*
1.	**Military personnel costs**						**197 200**
	The cost of emplacement travel for the 58 additional military observers to be deployed to the mission area.						
2.	**Civilian personnel costs**						—
3.	**Premises/accommodation**						
	Rental of premises						—
	Alteration and renovation of premises						**225 000**
	In view of the widespread destruction and war damage of buildings in Liberia, significant refurbishing and renovation will be required on a one-time basis of buildings rented by UNOMIL for demobilization centres as well as the alterations required for four floors to be rented by UNOMIL at the hotel complex in Monrovia.

[b] To be transferred from UNPROFOR.

C. Supplementary explanation

1. *Military observers.* Increased provision of $1,005,000 (annex I, column 3) under mission subsistence allowance is made for 58 additional military observers (for a total of 92 observers) from December 1996, on the basis of the revised deployment schedule shown in annex VI. It reflects an increase of 10,204 person days from the previous provision at the rates indicated in annex III.A, line 1. Additional provision is also made for the emplacement travel of the 58 additional observers at a rate of $3,400 per one-way trip ($197,200) and for clothing and equipment allowance at the rates indicated in annex III.A, line 4 ($6,800).

2. *International staff salaries.* The additional requirement of $1,058,000 would provide for the salaries of 54 additional international civilian personnel (9 Professional staff, 13 General Service and 32 Field Service staff) and is based on the revised deployment schedule indicated in annex VI as well as the application of a 10 per cent vacancy factor. Five international staff (1 P-4, 2 P-3, 1 General Service and 1 Field Service) assigned to the implementation of the disarmament and demobilization programme are required for a three-month period only.

3. *Local staff salaries.* The increased provision of $1,263,200 would finance the salaries of 613 additional local staff, including 491 staff for the disarmament and demobilization programme who are required for a three-month period only. Local staff salaries also reflect application of a 10 per cent vacancy factor. During the implementation of the disarmament and demobilization programme, each of the 12 demobilization sites will be staffed by 39 local staff each, comprising 1 assistant site coordinator, 1 health coordinator, 4 health assistants, 2 distributors, 1 senior interviewer, 7 interviewers, 2 photographers, 2 data entry clerks, 1 administrative assistant, 9 drivers, 3 technicians, 1 radio operator, 1 clerk, 1 handyman and 3 cooks.

4. *Common staff costs.* Additional provision of $1,601,500 is made for the common staff costs of the additional international and local personnel (see paras. 2 and 3 above) and for hazardous duty pay at rates indicated in annex III.A, line 6.

5. *Mission subsistence allowance.* The increased requirement of $659,000 would provide for the subsistence allowance of the 54 additional international personnel at the rates indicated in annex III.A, line 1.

6. *Other official travel.* Additional provision of $17,600 is necessary for four additional round trips between New York and Monrovia at an average cost of $4,400 per trip ($2,900 for each round trip and $1,500 for seven days subsistence allowance and terminal expenses). Provision is also made for one round-trip between Monrovia and Brussels for the Special Representative of the Secretary-General to attend a ministerial meeting on Liberia ($6,500).

7. *United Nations Volunteers.* Additional provision is made for the deployment of 28 United Nations Volunteers at a monthly cost of $4,476 per Volunteer for a total of 152 person months. It is anticipated that the 12 demobilization sites will be managed by one Volunteer each as demobilization site coordinators.

8. *Rental of premises.* Since the premises previously rented by UNOMIL are occupied by displaced persons and are no longer available, UNOMIL has identified four floors of a hotel complex in Monrovia which are to be rented to accommodate the expanded operations of the Mission. It is anticipated that one floor would be rented for 8.5 months at a rate of $22,680 per month ($192,780), a second floor for 7 months at a rate of $25,200 per month ($176,400), a third floor for 6 months at a rate of $24,840 per month ($149,040) and the fourth floor for 5 months at a rate of $11,160 per month ($55,800). Two of the three residential buildings that were rented by UNOMIL at its reduced strength are no longer required, thereby reducing the total additional cost for rented facilities. In addition, provision is also made for the rental of eight office facilities for demobilization sites at a cost of $2,500 per site for a three-month period ($60,000).

9. *Alteration and renovation of premises.* The additional estimate of $225,000 is required for repairs, renovations, upgrading and alterations of the premises rented by UNOMIL in order to meet minimum

standards of comfort, hygiene and sanitation and to meet the Mission's functional requirements. It will also cover the cost of renovating buildings; construction of shelters for the 12 disarmament and demobilization centres; and some basic construction materials such as sand, cement, timber and paints for the construction of paths, walkways and access roads to the centres.

10. *Maintenance supplies*. Additional provision is made for maintenance supplies for Mission premises at a cost of $1,000 per month.

11. *Maintenance services*. Additional provision is made for maintenance services for Mission premises at a cost of $1,000 per month.

12. *Utilities*. Additional provision of $194,400 is made for fuel for generators at UNOMIL facilities ($188,400) and for the cost of firewood ($6,000).

13. *Purchase of vehicles*. Additional provision of $2,749,000 is made for the net acquisition of 109 vehicles. (It is anticipated that 10 heavy trucks and 4 heavy fuel trucks will be transferred from the United Nations Protection Force and an ambulance from United Nations Logistics Base at Brindisi.) Additional provision has also been made at 15 per cent for freight costs ($692,800) and 10 per cent for spare parts ($419,900). It is anticipated that 15 vehicles will be deployed to the mission area by 1 February 1997 and the remaining 109 vehicles by 15 March 1997. A breakdown of the requirements for the acquisition of vehicles is presented in annex III.B.

14. *Workshop equipment*. Additional provision of $50,000 is made for the acquisition of various workshop tools.

15. *Spare parts, repairs and maintenance*. The reduction of $10,400 is the result of revisions made to the previously reported inventory of vehicles from 107 to 72.

16. *Petrol, oil and lubricants*. Additional provision of $79,100 is made for fuel and lubricants for the additional 124 vehicles to be acquired. It is anticipated that each vehicle will consume 20.6 litres of fuel per day at a cost of $0.30 per litre. In addition, provision is made for lubricants at 10 per cent of fuel cost.

17. *Vehicle insurance*. The reduced requirement of $4,400 results from revisions made to the previously reported inventory of vehicles from 107 to 72.

18. *Helicopter operations*. In view of the poor infrastructure in Liberia and to enable military observer teams to carry out their tasks effectively, additional provision is made for the hire/charter cost of a second Bell Utility helicopter (B-212) at a monthly rate of $72,000 with 60 minimum monthly flight hours, beginning on 1 February 1997 ($360,000). Provision is also made for the cost of aviation fuel at a consumption rate of 24,732 litres per month at a cost of $0.45 per litre for five months ($55,600) and lubricants for the helicopters ($14,900). In addition, provision has been made for the positioning of the helicopter ($20,000), painting and preparation ($5,000) and landing fees and ground handling ($8,300).

19. *Communications*. As most of UNOMIL's communications equipment was looted during the April 1996 hostilities, additional provision is made for the acquisition of communications equipment as detailed in annex III.B ($1,649,500). In addition, provision has been made for spare parts and supplies for the repair and maintenance of communications equipment at an additional cost of $6,000 per month for seven months ($42,000) and also for workshop and test equipment ($119,900). Provision of $210,000 is also made for increased commercial communications requirements for seven months, consisting of INMARSAT charges at a rate of $20,000 per month ($140,000), telephone and telex charges at a rate of $5,000 per month ($35,000) and pouch and postage services at a rate of $5,000 per month ($35,000).

20. *Office furniture*. Additional provision of $78,600 is made for the acquisition of office furniture to accommodate the additional personnel to be deployed to the mission area as detailed in annex III.B.

21. *Office equipment*. Additional provision of $93,600 is made for the cost of freight for 20 medium-volume and 4 high-volume copiers to be transferred from Brindisi for assignment to the 12 demobilization centres and UNOMIL headquarters as detailed in annex III.B.

22. *Data-processing equipment*. Additional provision of $278,600 is made for the acquisition of additional and replacement data-processing equipment as detailed in annex III.B.

23. *Generators*. Additional provision of $68,800 is made for the cost of freight ($28,800) and spare parts ($40,000) for 14 generators to be transferred from the United Nations Logistics Base at Brindisi, as detailed in annex III.B.

24. *Observation equipment*. Additional provision of $19,100 is made for the acquisition of 24 binoculars, 14 floodlights and 30 flashlights as detailed in annex III.B.

25. *Medical and dental equipment*. Additional provision is made for the acquisition of medical equipment for the UNOMIL sick bay at an estimated cost of $75,000.

26. *Miscellaneous equipment*. Additional provision of $36,400 is made for the acquisition of miscellaneous equipment as detailed in annex III.B.

27. *Spare parts, repairs and maintenance*. Additional provision of $20,300 is made for the cost of repairs and maintenance of office equipment, generators, data-processing equipment and miscellaneous equipment not covered elsewhere, at a monthly rate of $2,900 for seven months.

28. *Contractual services*. Additional provision of $7,000 is made for cleaning services, water supply and handymen at an additional cost of $1,000 per month for seven months.

29. *Security services*. Additional provision of $14,000 is made for the services of security guards for UNOMIL premises in Monrovia at an additional monthly cost of $2,000 for seven months.

30. *Medical treatment and services*. Additional provision of $800 is made for the cost of treatment of UNOMIL personnel at the standard rate of $1 per person per month.

31. *Claims and adjustments*. Additional provision of $18,200 is made for the cost of miscellaneous claims and adjustments arising from the day-to-day operations of the mission, except for third-party vehicle accident claims, which are covered under the worldwide vehicles insurance policy, at an additional monthly rate of $2,600 for seven months.

32. *Miscellaneous other services*. Additional provision of $28,000 is made for the cost of miscellaneous services, including bank charges at a rate of $4,000 per month for seven months.

33. *Stationery and office supplies*. Additional provision of $53,400 is made for the cost of stationery and office supplies such as local printing, reproduction materials and data-processing supplies.

34. *Medical supplies*. Additional provision of $31,500 is made for the cost of medical and dental supplies for military and civilian personnel at an additional monthly rate of $4,500 for seven months.

35. *Sanitation and cleaning materials*. Additional provision of $15,800 is made for sanitation and cleaning materials at the standard rate of $5 per person per month.

36. *Electrical supplies*. Additional provision of $3,500 is made for the cost of electrical supplies such as cables and bulbs at a monthly rate of $500 for seven months.

37. *Uniform items, flags and decals*. Additional provision of $16,100 is made for replacing accoutrements, blue berets and other United Nations decals for military observers at a rate of $2,300 per month for seven months.

38. *Operational maps*. Additional provision of $9,800 is made for operational maps for military observer team sites, demobilization centres, border crossings and safe havens.

39. *Quartermaster and general stores*. Additional provision of $21,000 is made for supplies such as oxygen, refills for fire extinguishers, gas cylinders, water and fuel cans, photographic supplies and other expendable general stores at an additional monthly cost of $3,000 for seven months.

40. *Public information programmes*. Additional provisions of $83,200 are made for the acquisition of public information equipment as indicated in annex III.B ($21,200); for the printing of 20,000 pamphlets at a cost of $1 each ($20,000); for the contractual services of three locally recruited liaison officers at a monthly

rate of $650 for six months ($11,700); and for the cost of inserting promotional print materials and leasing air time for radio broadcast, and script writing ($30,300).

41. *Assistance for disarmament and demobilization*. Under the revised concept of operation, the demobilization and reintegration office of UNOMIL will be responsible for the management of the 12 demobilization centres to be established for the programme, involving provision of food, health services, locally produced shelter, water and basic sanitation requirements. In this connection provisions are made for the following requirements:

(a) *Training*. $28,000 for training workshops for health workers, interviewers and centre supervisors;

(b) *Equipment*. $117,200 for the acquisition of equipment such as ID cameras, laminators, cutters, typewriters, refrigerators, kettles, stoves, television sets and video cassette recorders as indicated in annex III.B;

(c) *Miscellaneous services*. In order to facilitate the transition of ex-combatants from disarmament to reintegration, provision of $5.7 million is made for bridging activities over a three-month period. These activities will consist of (i) public works projects for 10,000 ex-combatants for the repair of roads, bridges, public buildings and other public establishments at an estimated cost of $1.8 million for the purchase of tools and to organize work brigades in several areas; (ii) assistance to 10,000 ex-combatants and their families to begin self-employment in agriculture, cooperatives and other small-scale enterprises such as tailoring at an estimated cost of $1.6 million, including the purchase and distribution of agricultural materials; (iii) skills training for 20,000 ex-combatants between the ages of 17 and 24 at an estimated cost of $1 million; (iv) schooling to reorient 5,000 to 15,000 ex-child soldiers below the age of 17 before admission to formal schools which is expected to cost $1 million; and (v) community sensitization and media events to prepare communities to receive ex-combatants through the compilation of information and its dissemination to the communities by means of radio talk shows, folk shows, posters, news print and articles at an estimated cost of $300,000;

(d) *Miscellaneous supplies*. Provision of $1,143,000 is made for the acquisition of 80,000 interview and health assessment forms ($25,000), 80,000 ID card negatives ($35,000), drugs and medical supplies ($130,000), miscellaneous and office supplies ($100,000), bedding, mats, mattresses, linens, toiletries, cooking and eating utensils and other miscellaneous materials ($391,000), 120 two-person tents ($30,000), 180 general-purpose medium tents ($360,000) for camp staff and ex-combatants and 36 containers for the storage of weapons ($72,000);

(e) *Rations*. Provision of $604,800 is made for a one-day supply per ex-combatant of food and water at the 12 centres at an estimated cost of $50,400 per site. It is also anticipated that the World Food Programme will provide some food items such as bulgar wheat, rice, cooking oil and other dry rations.

42. *Staff assessment*. The estimate represents the difference between gross and net emoluments, that is, the amount of staff assessment to which the United Nations staff members are subject, in accordance with the Staff Regulations of the United Nations.

43. *Income from staff assessment*. Staff assessment requirements provided for under budget line 19 have been credited to this item as income from staff assessment and are credited to the Tax Equalization Fund established by the General Assembly in its resolution 973 A (X) of 15 December 1955. Member States are given credit in the Fund in proportion to their respective rates of contribution to the UNOMIL budget.

Annex VII
Justification for additional staffing requirements

According to its revised concept of operation, UNOMIL will be responsible for the management of the 12 demobilization centres to be established for the disarmament and demobilization programme through the provision of food, health services, locally produced shelter, water and basic sanitation. In this connection it is proposed that the Humanitarian Assistance Coordination Office of UNOMIL be provided with a field demobilization coordinator so as to strengthen its management capacity. The functional title and job description summary is as follows:

Field Coordinator (P-4). Reporting to the Senior Demobilization Officer the incumbent would (a) coordinate field operations, including direction of their day-to-day operations; (b) supervise regional demobilization officers and health and child soldier coordinators; (c) manage and ensure timely availability and delivery of resources to demobilization sites; (d) ensure that demobilization centres operate according to standard operational procedures; and (e) participate in planning and policy development and catalyse efficient use of resources in the field.

Annex VIII
Resources made available and operating costs for the period from inception to 30 June 1997, as at 31 December 1996

(Thousands of United States dollars)
